CHILLY JUNE WAS
A RECORD BREAKER

Not for Years Has the Month of Roses,
Graduates and Brides Been
So Cold.

Madison, Wis., July 1.—According
to the records at the Washburn Ob-
servatory here the month of June,
which closed today, was colder than
any June in a number of years. The
mean temperature was 63.6 degrees,
which is considerably lower than that
of any June for a score of years. The
warmest day during the month was
June 15 when the thermometer regis-
tered 85 degrees, which was ten
less than the hottest day of the same
month last year. The coldest day
this year was June 21, when the mer-
cury sank to 39.2, thirteen degrees
lower than the lowest point reached
in June of 1901. The total precipi-
tation for this month was 3.81 inches
as against 2.40 inches for the same
month last year.

ANOTHER STRIKE
IS IMMINENT

Freight Handlers in Chi-

More Pay.

IS SETTLED TODAY

Representatives of Freight
Men and Railways Are in
Session This Afternoon.

10,000 ARE AFFECTED

(Special By Scripps-McRae)
Chicago, Ill., July 1.—A crisis was
reached this morning in the freight
handlers situation in this city. It had
been expected that 10,000 freight
handlers would leave their work at
ten o'clock this morning if their de-
mands were not acceded to.

Trouble Averted
At the last minute the railroads re-
ceded from their stand and agreed
to a conference to be held this after-
noon. Yesterday they refused to lis-
ten to any demands of the freight
men and their action today is a sur-
prise.

Would Paralyze Traffic
The strike if ordered will paralyze
freight traffic and will involve several
other unions in the trouble. Not
only would Chicago be effected but
the whole United States would suffer
from the tie up.

Cause of Trouble
The men are asking for an increase
of wages at a ratio of so much per
hour. This has been refused by all
the roads to whom it has been pre-
sented and in cases the handlers re-
quests have met with rebuff.

If the strike is ordered the team-
sters' union will refuse to haul any
freight that it not handled and the
longshoremen will also go out.

May Settle Dispute
It is probable that owing to the call
for conference for this afternoon the
railroad companies will offer an
amended scale that may or may not
prove satisfactory to the men inter-
ested.

sult of the conference it is generally
believed the operators are discus-
sing means to end the strike by start-
ing several collieries up with import-
ed men.

JANESVILLE MEN SUED

Jeffris Lumber Co. Sued For \$40,000
by a Sulphite Concern

Appleton, Wis., July 1.—The dam-
age suit which was brought against
the D. K. Jeffris Lumber Company
by the Wisconsin Sulphite Company
was begun at Shawano yesterday.
Referee M. J. Wallrich is hearing the
evidence in the case. The plaintiffs
arranged to have the Jeffris company
transport by rail about 5,000,000
feet of pine logs. After the saw
mill company had been allowed a cer-
tain amount of expenses in hauling
the logs, the profits were to be shared
alike.

The plaintiff alleges that the Jeffris
company did not live up to its agree-
ment. A suit for \$40,000 has there-
fore been instituted.

at 78.

(Special By Scripps-McRae)
Chicago, July 1.—Renewed activity
in July wheat on the Board of Trade
today jumped the price up from 74
5/8 to 76 1/4, which is an advance of
3 1/4 cents in twenty-four hours. Con-
tinued rains are held responsible for
the increase.

CONGRESS ENDS
WINTER'S WORK

Closing Session of Fifty-
Seventh Congress Takes
Place Today.

NO EXCITEMENT

Routine Work Goes Along
Smoothly, and There Is
No Unusual Commotion.

THE WORK FINISHED

(Special By Scripps-McRae)
Washington, D. C., July 1.—There
seems to be no special interests in
the closing of this session of the
Fifty-Seventh congress, and Gateway
day at the Capitol shows no evidence
of the impending exodus of Congress-
men and Senators.

House Is Quiet
In the House of Representatives
there seemed to be no special evi-
dences of any anxiety on the part
of the congressmen and the session this
morning was very orderly. The pro-
ceedings today will be along the same
lines as hitherto and bills of minor
importance will be under considera-
tion brought on by unanimous con-
sent.

Work in Senate
Speculation is rife as to the exact
time the adjournment will take place.
It is thought that the senate will
not finish with its discussion on the
Philippine bill and the conference re-
port will take place at ten this eve-
ning.

Plan to Leave at Once
Most of the western Senators and
Congressmen will stay in the west
over the Fourth and then go to their
Western homes. The Middle West
members will go to their homes at
once.

What Has Been Done
Here are the achievements of the
first session of the Fifty-Seventh con-
gress:
The Panama canal bill.
The Philippine civil government
bill.
The irrigation bill.
The oleomargarine bill.
The census bill.
The Chinese exclusion bill.
The war tax repeal bill.

MUST CLOSE HOLIDAYS

Beloit Council Votes to Restrict Sale
of Liquor Decoration Day

Beloit, Wis., July 1.—The common
council granted twenty-two saloons
licenses last night. The restrictions
include closing a few hours on Deco-
ration Day. The movement to per-
mit the closing on Memorial Day creat-
ed a considerable of a stir. Thirty-
three veterans signed a petition for
the open saloon on Memorial Day. For
many years heretofore the license has
compelled the closing of saloons on
Memorial Day. This year the sa-
loons will be closed from 9 a. m. to 1
p. m., only.

Quarter.

(Special By Scripps-McRae)
New York, July 1.—The statement
of the earnings of the United States
Steel company was given out this af-
ternoon on the board of trade.

Big Increase
The report will show a net earnings
of \$40,000,000 as compared with \$25,
000,000 for last year. The statements
given out are for the quarter just
passed.

MAY BE PRITCHETT

Talk in Madison That He Will Be
Made Head of University

Madison, Wis., July 1.—The impres-
sion seems to be gaining here that
Dr. Henry S. Pritchett, president of
the Massachusetts Institute of Tech-
nology, is a growing possibility for
president of the University of Wis-
consin. Dr. Pritchett was here sev-
eral days ago, but only remained a
short time and did not see many per-
sons connected with the university.

Regents Vilas and Stevens were both
out of the city at the time. A local
paper this evening printed a long
sketch of Dr. Pritchett and spoke of
him as a presidential possibility.

Seminole to Get Lands.
Ardmore, I. T., July 1.—The allot-
ment of lands in the Seminole nation
has been completed by the Dawes
commission and certificates will be
given each Indian by Gov. Brown.
About 2,757 allotments were made,
each with a value of \$308.

Cronje Takes the Oath.
Jamestown, St. Helena, July 1.—

BAILEY MAY
MAKE APOLOGY

Texas Senator Confers with Spooner
and Fairbanks, and Ap-
pears Sorry.

(Special By Scripps-McRae)
Washington, D. C., July 1.—The
Bailey-Beveridge incident had its se-
quel this morning when Senator Bai-
ley of Texas came into the Senate and
immediately went over to Senator
Spooner's desk and later consulted
with Senator Fairbanks, the colleague
of Senator Beveridge.

May Apologize
Senator Bailey was the cynosure of
all eyes as he entered the senate just
after the morning prayer. His ac-
tion in conferring with Beveridge's
friends and colleague is taken that he
is ready to apologize for his affront
to the Indiana senator on Monday.

Beveridge Greeted
Senator Beveridge was not in his
seat when Bailey came in and did
not arrive until about noon when he
was warmly greeted by his party
friends who approved the action of
yesterday. He received all sorts of
congratulations for the manner in
which he conducted himself during
the encounter. He makes the state-
ment that Senator Bailey did not
choke him.

DOOR COUNTY IS
ANTI-LAFOLLETTE

Game Warden Overbeck's
County Swings Into Con-
servative Column.

IRON CO. IS SAFE

La Follette Carries Monroe,
Vernon, Pepin and Wood,
by Democratic Aid.

WHITEHEAD LEADS

Door county, the home of Game
Warden Overbeck, has come into the
Conservative Republican ranks. Sat-
urday next a solid delegation will be
sent from the county convention to
the state convention with instructions
to vote against the re-nomination of
Robert LaFollette.

For months past Game Warden
Overbeck has been devoting every en-
ergy to the end of carrying Door
county for his liege lord and master,
His Honor, the Governor. Every
nerve has been on tension, his en-
couraging reports have given hope
to wavering forces of the Governor
and now comes the blow. Door has
gone against LaFollette.

Machine papers even went so far
as to claim the county this morning
on the strength of Overbeck's asser-
tion that he had the county and then
came the returns. Twenty-six Con-
servative delegates and twenty-four La-
Follette and even two of these are
claimed by the Conservatives. It
is a bad lookout for LaFollette if his
chief of the game wardens can not do
better work than that.

Iron County
Word comes from Iron county that
every one of the delegates elected to
the county convention are openly
against LaFollette and assure their
votes for Whitehead and Republican-
ism.

Monroe County
Monroe county gave LaFollette a
majority. It was a clean and decisive
one and the LaFollette faction
secured 122 votes to the Conservative
22. Wood county also went for La-
Follette, through the aid of "Fair-
Minded" Democrats. Protests were
of no avail and the LaFollette people
voted just whom they pleased.

In Clark County
No more interesting situation in the
state can be found than in Clark Co.
Not only is the fight a bitter one but
it shows most clearly that the meth-
ods used by the LaFollette faction are
truly rule or ruin.

At the convention, last week, the
La Follette faction acting under in-
structions from headquarters placed
a complete set of county officers in
the field for the coming fall election.
This action has aroused the conser-
vatives of the county to action and
they also have a ticket in the field
that bids fair to win out in the com-
ing fight.

Northern Wisconsin
G. E. Vandercook, in the Milwaukee
Sentinel, states that it is his opinion
that all hope of harmony in the nor-
thern portion of the state among re-
publicans has been done away with.
Mr. Vandercook is in a position to
know what he is writing about as he
made a careful canvass of the whole
situation. In Taylor, Wood, Clark,
Price and Marathon counties, there
are many true blue republicans who
have fought and suffered defeat with
the party since its formation and
these are all against LaFollette. Men
who have been friends for years are
not now on speaking terms and honest
competition has given away to polit-
ical chicanery, intrigue and manipu-
lation of the voters.

Mr. Vandercook also sounds a note
of warning to the republican voter
of Wisconsin to beware of the volcanic
condition of the whole state and watch
that the democrats do not secure a
victory in the election of congress-
men and a United States senator.

Situation Today
Despite the stories of the LaFol-
lette papers the Conservative portion
of the republicans have thus far ac-
ced a victory and are still in the lead.
The figures this morning show that
they have up to the present time
121 1/2 votes to LaFollette's 307 1/2.

The table is as follows:

Y DADS GRANT LIQUOR PERMITS

ALLOW FIFTY-THREE LICENSES

Ten Druggists and Forty-Three Saloon Men Secure Legal Permission to Sell Intoxicants.

A special meeting of the common council was held last evening for the purpose of granting saloon licenses and druggists' permits. Mayor Richardson presided and all of the aldermen were present except Ald Judd. There were forty-three applications for saloon licenses and ten for druggists' permits. They were referred to the license committee who later reported them to be in due form and the securities good and recommended that the applications be granted which was done.

Do Not Decrease
There will be the same number of saloons this year as last some of the old ones going out of business and some new ones starting up. There will be no particular change in the location of the saloons but some of the owners have switched around. J. H. Watson and P. McShane who conducted saloons last year did not apply for a license this year.

Who Have Licenses
Licenses were granted to the following persons:

Adam Holt, Philip Reus, Alex McLellan, Joseph Croak, Thos. Dalton, Herman Buggs, A. W. Bauman, J. C. Karberg, E. B. Connors, I. F. Connors, F. R. Jones, H. J. Lemmerbert, W. M. Sheridan, L. L. Lemmings, E. F. Maine, W. H. Carroll & Son, W. A. Knipp, Leo Koesters, C. E. Hermann, C. J. Jones, J. F. Sweeney, Jns. Sennett, Harry Van Gilder, W. C. Hart, Johnson & Stevens, Fred Lutz, McKelgue & Worthington, F. C. Stillson, Ed. O. Smith, Thos. F. Siegel, Chas. H. Johnson, F. W. Anderson, E. M. Dermody, John Casey, Mullenschaeder & Treloar, Ray Podewell, James Condon, Mrs. J. S. Dayton, T. A. Nolan, Ed. Burns, Jas. Sheridan, Peter Dolan, R. F. Finley.

To Build Gutters
After granting the licenses, Alderman Hutchinson introduced an order that the street commissioner serve notice on the property owners along the west side of North Main street from North First street to Prospect avenue to build gutters along their property line at once.

More Macadam
Alderman Rice introduced a resolution for the macadamizing of North High street from the north side of Milwaukee street to the southerly side of the right of way of the Chicago & Northwestern railroad.

There being no further business the council adjourned.

NEWS OF THE COUNTY

KOSKONONG

Koskonong, June 30.—Gertrude Clark, of Whitewater, spent last Sunday at her home.

Mr. and Mrs. B. Dickinson visited the family of Mr. Selwert at Utter's Corners last week.

T. F. Johnson has returned from Virginia much pleased with his trip to that state.

Painters are at work on Scott Robinson's house.

Members of the Otter Creek cemetery association met Saturday forenoon and cleaned up the grounds in first-class shape.

Mr. and Mrs. D. M. Barlass, Miss Lou Toal and Wm. Hamilton, of Janesville, visited relatives here last week.

Miss Grace Northey returned to her home at Oakland Sunday, after having visited two weeks with her cousin, Miss Mabel Ward.

A dog belonging to Mr. Punzel, went mad last week, but was shot before doing serious damage.

Mrs. Holman, of Algoma, Iowa, visited at George Barnhart's last week. Ellsworth Caldo and bride, of Johnson, were guests of Mrs. Will Miller's recently.

Mrs. Margaret Barlass and family and Mrs. Helen Brown and W. D. Brown, of Rock Prairie, spent Thursday at P. Traynor's.

Mr. and Mrs. T. F. Johnson took dinner with Mr. and Mrs. Frank Morris, at Clear Lake, Saturday, it being Mr. and Mrs. Morris' 16th wedding anniversary.

The rye crop in this vicinity promises a good yield and will be ready to cut in a few days. Oats and barley are well headed out. Corn on light sandy land will do better this year than on the marsh land, which is too cold and wet. Potatoes are in blossom and no bugs as yet. Hay fields look well and a few farmers are experimenting with alfalfa, which promises a good yield. No lack of garden truck this year.

Quite a number from Janesville are in camp at the lake. Archie Reid, Jr., and Harry Keating drove out and spent one day last week.

Mrs. T. T. Johnson will entertain the members of the Mite Society Wednesday afternoon, July 2. Election of officers will take place.

ROCK RIVER

Rock River, July 1.—The Ladies Society will meet next Thursday afternoon, July 3rd with Mrs. Kittle Vincent. All are invited.

A ball game between the Otter Creek and the Rock River ball teams was held at Charley Point on Friday and resulted in a score of 21 to 22 in favor of Otter Creek.

Several from here attended commencement at Milton last week.

Mrs. Hancock, of Columbus, Wis., visited her nephew, Harry Green, one day last week.

Mrs. Balch and Mrs. Harry Green spent a part of last week with relatives in Janesville.

Otto Richel of Whitewater spent Sunday with his brother, George Richel.

Doris Stockley has visited at N. M. Rose's the past week.

Mamie Paul is visiting Janesville friends and relatives.

Sarah Butler of Whitewater is the

guest of her sister, Mrs. Tillie Vincent.

BARKER'S CORNERS

Barker's Corners, July 1.—We are having plenty of rain at the present writing. The rain on Sunday night prevented having the meeting of the Y. P. C. U., but on July 6 there will be young peoples' meeting and the report that the delegates from Lima prepared will be read.

Ida Hodge, Margaret McCulloch and Inez Rice attended the Y. P. C. U. convention at Lima, as delegates from the Otterblen society. Kit Baboyr, Mr. and Mrs. Baboyr and Phoebe and Elsie Taylor attended the convention as visitors.

Rev. L. L. Thayer rendered us a very interesting sermon on Sunday afternoon. He returns to Bloomer, Wis., this week.

Mrs. Cramer of Janesville visited with Mrs. G. A. Griffey last week.

MAGNOLIA

Magnolia, June 29.—At eight o'clock Wednesday evening, a very pretty wedding took place at the home of Mrs. Lucinda Brown, when her youngest daughter, Miss Adria Brown and Mr. Floyd Cain were united in marriage.

The bride was attended by the groom's cousin, Miss Jessie Andrews and Mr. Arthur Cain, brother of the groom, acted as best man. After the marriage ceremony, supper was served, after which the bride and groom left for Evansville, where they took the midnight train for S. Dakota, where they will spend their honeymoon.

Mrs. Turner, of Iowa, is visiting her sister Mrs. Harriet Townsend.

A number from here attended the surprise party given to Mr. and Mrs. Everett Townsend at Evansville, Saturday afternoon.

Mrs. Whitney is home again to spend the summer.

Mrs. William Dyball, of South Dakota, is visiting relatives.

Mr. Nito Brown and Miss Nora Campbell of Ft. Atkinson, were married June 26th. The groom has a position in Racine, where they will go to live.

ELEVATED HEIGHTS

Elevated Heights, July 1.—Plucky little Edna Johnson, of South Portlet, a child nine years old, discovered three small minks about to invade her chicken coops. Thursday morning and went to the rescue of her pets.

JERSEY CATTLE BRING BIG MONEY

Descendants of Rock County's Famous Brown Bessie, a Part of Great Auction Sale.

Farmers and stock raisers of Rock county will be interested in the recent auction sale at the Hood Farm, Lowell, Mass., which dispersed 154 Jerseys to breeders and farmers all over the country from Maine to Oregon, it being the largest and most successful sale of American-bred Jerseys that has been held in this country for years. There was an attendance of over 500 people, there being 53 different buyers, comprising the best known Jersey breeders in the country. The sale was conducted by Peter C. Kellogg of New York.

The sale is of special interest in this vicinity because eight calves which brought \$1,200, were by Brown Bessie's Son, whose mother was Brown Bessie of World's Fair fame and the property of H. C. Taylor of Orfordville. Among the other cattle disposed of at the sale 48 cows sold for \$3,165, an average of \$190; 67 heifers and calves sold for \$5,890 and thirty-nine bulls and bull calves brought \$2,895. Thirty head by the great bull Hood Farm Pogs sold for \$3,810; 19 by Toronto for \$2,907; 8 by Sophie's Tormentor for \$2,296, an average of \$287; and 8 by Chromo, \$324. Three young heifers by Hood Farm Pogs 9th, brought \$655, an average of \$218.

This sale reduces the Hood Farm herd to a more convenient basis for business, and young stock from the great producing aires and dams will continue to be in demand among the progressive breeders.

Hood Farm Pogs 9th is retained at the head of the herd. He is a son of the famous cow Figgis, by the great show bull Hood Farm Pogs. Figgis herself was the great plum of the sale and was bought by the well-known banker and copper magnate, Mr. Thomas W. Lawson of Boston.

The price paid was \$875. Besides others, the herd now contains 30 daughters and granddaughters of Hood Farm Pogs, 36 daughters and granddaughters of Sophie's Tormentor and 10 daughters of Hood Farm Pogs 9th.

The famous imported Berkshire boar Sambo, which Mr. Hood himself bought in England two years ago, was purchased by Charles F. Mills of Springfield, Ill., for \$150, and about 50 other choice Berkshires were sold at average prices which showed that the demand for this breed of hogs is good.

IMPERIAL BAND'S SECOND CONCERT

Pleasure Was Marred by Passing Street Cars and Moving Teams.

An excellent program before a large crowd was given on Monday night at the Corn Exchange by the Imperial band. The selections were well chosen throughout and played in a manner that reflected great credit not only upon the individual members of the organization but also upon the leader who had made possible such a high grade of ensemble work.

The noise of the passing cars and of vehicles near the Corn Exchange unfortunately at times interfered seriously with the enjoyment of the concert. This was especially true since the cars invariably chose a soft and expressive passage at which to rush by blotting out all sounds except their ever clanging of bells and whirring of wheels.

Small Boys Present

The happiest part of the throng that was present upon the streets was made up of a host of the ever present small boys who played about the fountain, soaking himself and all within reach of the showers of spray which he scattered lavishly in all directions.

The Program

The program given was as follows: March, Parthian.Losey. Overture, Salutation.Kneff. Song and Dance, Little Gussie.Hall. Overture, Headlight.DeWitt. Characteristic, Fan Tan.Anthony.

Valse Romantique.Tobani. March, Our Colonel.Vandercook.

CENTENNIAL WILL BE CELEBRATED

Famous Powder Manufacturers Will Observe Publicly the Mill's One Hundredth Anniversary.

One hundred years ago, July 4, E. I. du Pont de Nemours & Company established their powder manufactory on the Brandywine its present location. To commemorate this event they have sent out invitations to their friends in all parts of the country inviting them to attend the celebration and magnificent display of fireworks on the grounds of the Wilmington Country club of Wilmington, Delaware.

A. Noted Firm
The Du Pont powder made at the Brandywine mills has been used in the defense of the stars and stripes by the army on every battlefield, and in every engagement by the navy for a century. From Perry's victory on Lake Erie in 1812 to the destruction of Spain's navy at Manila and the combined victory at Santiago, Du Pont powder has proved an important factor in establishing American freedom and securing the respect of all countries for this nation.

Grand Fireworks
This display of fireworks on the evening of July 4th consists of fifty different pieces the majority of which were imported by the company especially for this celebration. The display will open with a salute of 100 fifteen inch aerial maroons fired from steel mortars and will end with a grand bouquet of 500 large colored rockets.

ENTERTAINED FOR FRIENDS

Mrs. H. W. McNamara Gave a Ladies' Euchre Party Saturday.

Mrs. Chester L. Brewer and her friend, Miss Allen, of Albion, Mich., were the guests of honor at a charming euchre party given by Mrs. Harry W. McNamara, at her home, 204 N. High street, Saturday afternoon. The time was spent most pleasantly in playing six-handed euchre. Mrs. Brewer winning the prize. The card playing was followed by an elegant luncheon which was faultlessly served. A pleasant feature of the party was the general extension of congratulations to Miss Susie Lowell and Miss Alice Shearer whose engagements have recently been announced.

GRAND ARMY HAS TAKEN NEW ROOMS

Veterans and Woman's Relief Corps Move Their Valued Relics with Ceremony.

With beating drum and flying banners the W. H. Sargent Post, No. 20, and the W. H. Sargent Relief corps, No. 21, W. R. C., removed their possession on Monday night from their late quarters over the First National Bank to their new rooms at 51 East Milwaukee street, over Ziegler's clothing store.

Crowd Curious

Curious conjectures were made when men in Grand Army uniform and women carrying flags collected in a little band at the corner of West Milwaukee and River street. One carried a flint lock pistol with a tag hanging from it which gave the date of its manufacture as 1810. Another bore an old clock and a third a picture of the heroic flier of Bunker Hill. The signal to advance was given, the drum was beat and with slow stride the column advanced.

The New Quarters

The new quarters consist of three rooms above Ziegler's store facing upon North Main street. The members of the G. A. R. who were out on Monday night transferred only the lighter of their possessions, as well as some of the more treasured relics which they hesitated to commit to rude hands. The work of moving the heavier articles will be completed today.

JERSEY'S PROFITS FROM TRUSTS

Receipts for Last Year Are \$2,698,202, an Increase of \$500,000.

New York, July 1.—For the fiscal year ended June 30, New Jersey's state treasury shows a balance of \$2,698,202, which means nearly a half-million increase over that of last year. The large amounts received within the last month in taxes from the trusts chartered in 1900 and 1901 make up this big increase. The taxes on the big corporations foot up considerably more than \$2,000,000 annually.

Crossing Watchman a Hero

Cleveland, O., July 1.—James Swatfield, watchman at a crossing of the Lake Shore road, attempted to rescue another man from an approaching train, which struck and killed both.

BAILEY OF TEXAS
CHOKES BEVERIDGE

Resents a Statement Made in
Debate and Demands a
Retraction.

SAYS NO INSULT WAS INTENDED

Indiana Senator's Statement to This
Effect Was Not Satisfactory to the
Southerner and He Reached for His
Neck with Both Hands.

Washington, July 1.—Senator Bailey of Texas assaulted Senator Beveridge of Indiana in the senate chamber last evening. Bailey says he choked Beveridge until he was purple in the face. What he might have done is a question that cannot be answered, for in a twinkling Senator Spooner of Wisconsin and Barney Leighton, sergeant at arms, seized the combatants and pulled them apart.

Bailey is a big, broad-shouldered, athletic, handsome man. Beveridge is small, but wiry and aggressive.

The two senators share the distinction of being the youngest members in the upper house of congress. Their trouble had its origin in a debate initiated by Senator Bailey over a resolution requiring the secretary of state to furnish the senate with all the papers in the case of Dr. Scott of Texas, who some time ago filed charges against Gen. Powell Clayton, United States ambassador to Mexico.

Bailey Accuses Clayton.

He explained how Dr. Scott became a victim of the peculiar judicial system of Mexico; how money belonging to him had been seized by judicial process and turned over to another person and how Ambassador Clayton had sacrificed Dr. Scott's interests by declining to render him aid. He was especially severe in his arraignment of Judge William L. Penfield, the solicitor of the state department, who, he said, was either incompetent or indifferent to the rights of American citizens.

Beveridge in a defense of Judge Penfield declared that Senator Bailey's aspersions on Penfield were unwarranted.

When the senate adjourned at 6 o'clock Bailey remained in his seat. Beveridge, who was sitting in Senator Allison's seat beside Senator Spooner, was in no hurry to leave the chamber. All of the senators with the exception of Spooner, Beveridge and Bailey had left the chamber. The galleries were deserted. Bailey went over to Beveridge and requested him to withdraw the words of which he had complained.

Demands Retraction.

"Beveridge," said Bailey, "I don't want to have any trouble with you, but I want you to withdraw those words which charge me with making an unwarranted attack on Penfield. I give you the opportunity of doing so privately."

"I did not intend to insult you," replied Senator Beveridge, "and there is nothing in my language that you could consider offensive."

"I don't allow anyone to say that I libel a man, and that is what you do in making the charge. Now, if you won't withdraw the words when I ask you I'm going to make you withdraw them."

Senator Bailey had been getting more and more angry and excited as he talked. He had been sitting down part of the time, leaning against the desk immediately in front of Senator Beveridge. The latter, in reply to Senator Bailey's last remark, still remaining in his chair, said: "I still repeat that I did not intend to insult you and that I have nothing to retract."

Threatens to Kill.

As the words were uttered Bailey threw himself on Beveridge.

"I'll kill you, you little runt," exclaimed Bailey, as he reached for Beveridge's neck with both hands. Then it was that Senator Spooner interfered. Barney Leighton joined him in an instant. Senator Spooner was thrown violently against a desk, but, recovering himself, he assisted Leighton in dragging Bailey away from Beveridge. They rushed the Texan out of the chamber and the fight was over. Bailey said later that if Beveridge had risen to his feet he would have slapped his face, but because he remained seated he was forced by the code, under which he was acting, to resort to strangling.

A part of the Indiana senator's neckwear was ripped and torn away by the vigorous grasp of Senator Bailey.

Incident Is Closed.

Senator Beveridge remained in the chamber for some time and continued to smoke. He remarked to those who spoke of the fight that it did not amount to anything.

Insult as the senate was not in session there was no violation of the rules and an investigation will probably not be asked for.

Liquor Law Change.

Washington, July 1.—Representative Hepburn of Iowa introduced a bill amending the interstate commerce act so as to make all fermented, distilled or other intoxicating liquors brought into a state subject to the state laws, the same as though the article was produced within the state, and giving no exemption because the liquors are in original packages.

ADJOURN TO-DAY.

National Legislators Are Ready to Go to Their Homes.

Washington, July 1.—Congress has completed its record for this session and is ready to go home and await the verdict in November.

The Philippines civil government bill has been completed in conference. The house at the evening session passed the Dick militia bill.

The action of the house on the Philippine bill was by a strict party vote, except that Mr. McCall, Republican of Massachusetts, voted with the Democrats. So many changes were made in the rival bills that it amounts practically to legislation in committee. It is a drawn battle on the currency question, the free silver senate and the gold standard house both yielding and consenting to a temporary scheme of temporary subsidiary coinage.

Provides for Legislature.

The bill provides for a Philippine legislature of two houses, one the Philippine commission and the other an assembly elected by the natives, except the Moros and the Pagans. This legislature is not to be created until after a census has been taken and a condition of general peace and good order shall have prevailed, for two years. The legislature is to elect two commissioners to represent the islands in Washington. An extended bill of rights sets forth the individual rights of citizens and their protection against unjust laws. Corporations are stringently regulated in holding mining and agricultural lands.

Cuban Annexation.

An earnest speech by Mr. Elkins in favor of the annexation of Cuba caused a stir in the senate. The West Virginian cited the case of Texas as a precedent, urged that union would be for the best interests of both countries and ridiculed the idea that such a step would endanger any American industry.

Mr. Elkins' remarks drew a sharp fire from Mr. Platt of Connecticut and Mr. Hanna of Ohio, who deprecated any annexation proposition at this time as not representing the sentiment of the country.

Among many bills passed was one giving Rear Admiral Schley the pay and allowance of a rear admiral on the active list of the navy.

Mr. Gallinger made a statement showing that 1,151 pension bills had been passed by both houses this session.

No Bribery in West Indies.

Washington, July 1.—Representative Richardson of Tennessee and his Democratic associates on the special committee which investigated charges of bribery, etc., in connection with the Danish West Indies purchase, have decided not to make a minority report, and the report of the committee will be unanimous that there was no bribery.

May Turn Over Pekin.

Washington, July 1.—Minister Conger has informed the Department of State that the diplomatic corps at Pekin is considering the turning over of the City of Tien-Tsin to the Chinese government. The terms under which it is proposed to accomplish the transfer are regarded as very exacting and onerous.

Mint Director to Retire.

Washington, July 1.—Secretary Shaw will soon have to find a new man for director of the mint. George E. Roberts of Iowa, who now holds that position, is to resign in order that he may devote his entire attention to the management of his business interests.

Sails from Manila.

Washington, July 1.—The War Department is advised of the sailing of the transport Sumner from Manila, June 26, for San Francisco, with 226 enlisted men, Twenty-fourth Infantry, 203 enlisted men, Seventeenth Infantry, and seventy-seven casuals.

Foraker Is Better.

Washington, July 1.—Senator Foraker, who was taken ill at the White House Saturday, was very much improved yesterday and was able to come down to his private office. He had a slight attack of peritonitis.

Trial Trip for Monitor.

Washington, July 1.—The new monitor, Arkansas, building at Newport News, Va., shipyard, is to be given a one-day's run to sea July 4. Hasty orders are being observed.

MANY MINERS
RETURN TO WORK

Strike in the Norfolk and
Western Fields Is Prac-
tically Ended.

TRAIN CREWS RESUME WORK

Had Been Laid Off on Account of the
Trouble in the Coal Region—Har-
wood Colliery Offers Places to For-
mer Employees.

Hazleton, Pa., July 1.—The return of a considerable number of men to work and the offer by Pardee & Co. and other companies to reinstate the strikers are the features in the anthracite strike situation. The Lehigh Valley company had given its engineers until last evening to apply for their former positions, and as a result almost every one is again at work. The Erie company and mine officials and some engineers express the belief that before the end of the week they will all have returned.

At Pittston all the striking engineers and pumpmen, about thirty-five in number, reported for duty. The majority were given employment, but a number were stood aside until the imported men now at work could be provided for in other directions.

The strike of the United Mine Workers in the Norfolk & Western coal fields is practically at an end. The strikers, probably with the exception of 15 per cent, have returned to work. All train crews on the Norfolk & Western that were laid off owing to the strike have resumed work.

Starts a Washery.

Several breaks in the strike occurred at Pottsville. The St. Clair Coal Company succeeded in starting its washery with 100 men. All of the employees are imported men. None of the miners could be induced to return.

Copies of the following notice were distributed among the striking miners at the Harwood colliery:

"With a view to ending what we deem a hopeless and uncalled-for strike, an opportunity of resuming work at our Harwood colliery is hereby offered to our employees. Let every inside man who wants to begin work quietly notify the general inside foreman, and let every outside man notify the outside foreman. When a majority of our adult inside and outside men signify their desire to begin work this colliery will be started. Foremen will not make known the names of those applying for work."

"PARDEE & CO."

Several hundred strikers stationed along the roads leading to the Drifton colliery of Coxo Bros. & Co. turned back all men who reported for work with the exception of the clerks and the passenger crews of the Delaware, Susquehanna & Schuylkill railroad.

The Panther Creek valley was thrown into a state of excitement by serious rioting between deputies and strikers. Warrants were sworn out for the arrest of fifteen strikers who were charged with assault and battery. Men on their way to work were taken from the trolley cars and forced to return to their homes. When Thomas Harris, a non-union man, was leaving his home he was surrounded by a gang of strikers, who threatened to do him bodily harm if he attempted to go to work.

Harris knocked down the man closest to him, and then, drawing his revolver, backed toward his house, holding the mob at bay. The strikers then proceeded to lay siege to the house, and Harris was unable to leave until a detail of officers was sent to escort him to work.

SHOULD THE KING DIE

King Edward's death, should it occur, can have no lasting injurious effect upon the business world. Profoundly as England's sorrow would be shared by other nations, especially the United States, the event would cause but a ripple in financial circles. His death would involve no change in national or international policies. In political effect the sad event would be of less importance than a change in the British Cabinet or a Parliamentary election. It would be of far less consequence in such respects than the sudden death of President McKinley, who had a much greater influence and responsibility in party leadership and national policy than the ruler of the British Empire. Great Britain is practically as much of a republic as the United States; and, exalted as the position of the King may be, a change does not affect the commercial or financial stability of a nation governed so completely by the will of a sovereign people. The death of Queen Victoria, in spite of her long reign and great influence, had no real effect upon business affairs; and the death of King Edward, sad as disappointment as it would be to the whole Empire would have still less effect. British credit has been through so many trials lately that its general soundness is well demonstrated and it would recover as readily from this blow as it has from its predecessors.

JAPAN TRADE.

A Japanese view of the commerce of Japan is presented in a publication just received by the Treasury Bureau of Statistics entitled, "The Foreign Trade of Japan." It is forwarded to the Bureau of Statistics by a distinguished Japanese official who recently visited this country and presents in condensed form a statement of the commerce of Japan in 1901 and its growth during the last thirty years, and especially the commercial relations of Japan to the United States and to the various great countries and sections of the world.

"The foreign trade of Japan," it says, "is progressing year after year owing to the rapid development of her agriculture, commerce, industry and navigation. In 1901 the total value of imports and exports amounted to \$247,500,000. This amount is twelve times larger than that of 30 years ago; eight times larger than that of 1881, and three and one-half times larger than that of 1891. This is all the more remarkable since it owes but little to the increase in population, which is little over 10 per cent in every decade: 35,768,547 in 1879; 40,072,020 in 1889, and 44,260,604 in 1899.

"It scarcely need be said that the Continent of Asia holds the most intimate relations with the foreign trade of Japan. The total value of the articles exported to that Continent amounts to over two-fifths of the total exports of Japan; and the value of articles imported from Asia into Japan amounts likewise to over two-fifths of her total imports. The amount of exports to America scarcely reaches one-third, and that to Europe is only one-fifth of the total exports, while the import from America into Japan is little short of one-fifth, and that of Europe is nearly two-fifths of the total imports. Imports and exports in the case of Asia, however, include those from and to Hongkong, which have naturally a character of "transit" and consequently if proper allowance be made for Hongkong trade we may safely say that the products of Japan are equally distributed in Asia, Europe and America, and imports from Europe to Japan are nearly equal to those from Asia.

"The principal articles exported from Japan, are raw silk, habuta cotton yarn, cotton tissues, matches, floor mats, tea, camphor, fishery products, copper, coal. Of these, raw silk is predominant, and the increasing demand for it is yearly extending the area of lands devoted to the cultivation of mulberry trees, the present acreage being 767,000 acres.

PRESS COMMENT

And now comes the scornful iconoclast who tells us that the rainfall of the present month has not been excessive. He reminds us of the owner and proprietor of a howling jag who explains to Judge Scott the next morning that he "jest had a glass of beer yerronnor." There doesn't seem to be any such word as "excessive" in the dictionary of either individual.—Council Bluffs Nonpareil.

Beloit Free Press: There have been many chairmen of Republican state central committees, but has there ever been one before who advertised for Democrats to control the caucuses of the Republican party?

"Shake old man," says June as she blows another cold blast down the neck of the shivering citizen.—Council Bluffs Nonpareil.

Hypnotism That Failed.

"I have come," said the clever young hypnotist, making two or three mysterious passes with his hands and looking straight into the old man's eyes. "to ask you for your daughter. We love each other very dearly—look out, there is a horsefly buzzing near your left ear!—and we want your blessing. I am fully prepared to take care of a family—you do not remember your name do you?—and the sweet one who is so near and dear to you will be perfectly safe in my keeping. Of course, you will not think of raising an objection—come, now you are a donkey, and I will lead you over here where the grass is nice and green and tender—you would not think of raising an objection that might make her unhappy all the rest of her life, would you? Yes, it is very kind of you to give—oh, poor old donkey, have you eaten all the nice fresh grass there? Come, I will lead you to another spot where it is longer and greener, and we will—"

"All right! All right," said the office boy, snapping his thumb and finger close to the young hypnotist's ear. "Wake up! Its all over."

"Where am I?" the clever young hypnotist asked.

"Out in the alley. I guess the donkey did not like that last grass. He kicked."

SEALED NOTE FROM THE HUDSON

Lighthouse Keeper Picks Up Bottle from Steamer Lost Last Fall.

Alpena, Mich., July 1.—Tom Garriety, keeper of the Presque Isle lighthouse, picked up a sealed bottle containing a note as follows:

"Steamer Hudson, off Keenaw point, rolling like a ball and all hands ready to give up the ghost.—An Oiler."

The paper had turned yellow and the writing was in pencil. The Hudson was lost last fall in Lake Superior, with all hands. The note in the bottle is regarded as genuine.

Takes Charge of Deaf Mutes.

Springfield, Ill., July 1.—J. H. Col. Frawley Is Dead.

Eau Claire, Wis., July 1.—Col. T. F. Frawley, a well-known Democratic politician, died after being brought home from Medford, where he was stricken with appendicitis and operated upon unsuccessfully. Mr. Frawley was chairman of his party in Wisconsin and for years had been leader in all meetings.

IN THE VALLEY OF THE SHADOW

Charles Sinnamon
The funeral services of Charles Sinnamon, who died at the county house of consumption Sunday night, will take place from the Kimball undertaking rooms, on Wednesday at 2:00 o'clock. A short service will be held at the grave at Oak Hill cemetery.

Mr. Sinnamon was fifty-three years of age and had lived, until two weeks ago in Spring Brook. At that time he was moved to the county house that he might have better care. The two children, a boy and a girl, aged ten and twelve years respectively, who had lived with him in the house, were taken to Milton to live with their sister, Mrs. John Hurd, who resides near that place.

Aside from the two daughters and a son who are now living in Milton he leaves a son in Dakota, a daughter near Lima and another son whose present home is not known. His wife died four years ago this fall.

AN UNWARRANTED ASSAULT

Bakery Driver Was Beaten By A Would Be Customer

A young man named Frank, who drives T. Kelly's bakery wagon, was the victim of an unprovoked assault this afternoon by a driver of one of the wagons hauling stohe from the crusher, to Sinclair street for Brown & Connors.

Frank was standing by his wagon in front of the Merchants' restaurant on East Milwaukee street when the man on the load of stone came along. He asked Frank if he had any bread to sell? Frank told him yes and went around to the rear of his wagon to get the bread. As he did this the man on the load of stone jumped off his wagon and struck Frank a blow in the face cutting him over the eye so that he bled freely.

Men Clinch
The two men clinched after the first blow was struck and went down. They struggled around some striking at each other until they were separated by the by-standers.

Drove Off
The driver of the stone wagon got onto his wagon and drove off and Frank went into the restaurant to wash up. The name of the assailant could not be learned but Mr. Frank will learn who he was and he will be given a chance to explain the reason for the assault to Judge Field.

TEACHERS' INSTITUTE HERE

Will Open At High School Building Monday, July 14.

The annual normal institute of Rock county will convene in the Jansville High school building, Monday, July 14, and will continue in session for three weeks. Prof. G. C. Shutt, of the Whitewater normal school; Principal R. E. Loveland, of Clinton; Principal Charles Hemmingway of Albany, and Miss Harriette Holt of the Jansville High school, will act as conductors.

Instruction will be given in all of the new branches required for teachers' certificates, also in geography, primary reading, library reading, school management and school law. Teachers should remember that only five branches may be refilled and that the law forbids renewing and extending certificates.

Examinations conducted by David Throne, county superintendent of the second district, have been appointed as follows: Third and Second grades, Afton, Aug. 6-6; Milton, Aug. 12-13; Clinton, Aug. 19-20. All grades, Jansville, Oct. 24-25.

YOUNG LADIES PLAY HEARTS

Miss Agnes Shumway Entertains in Honor of Guests

Miss Agnes Shumway entertained about twenty-five of her young lady friends most graciously at her home, 402 Court street, yesterday afternoon in honor of Miss Lingle of Patton, Pa., who is the guest of Mrs. H. A. Ford, and Miss Allen, of Albion, Mich., who is visiting here with Mrs. Chester Brewer. Miss Shumway's guests spent the afternoon delightfully playing hearts, Miss Louise Shearer winning the prize. An elegant luncheon was prettily served.

GAVE A BEEFSTEAK LUNCHEON

Novel Spread Served At The Golf Club House Last Evening

Beefsteak and mushrooms formed the central dish of an elaborate and appetizing luncheon which was enjoyed last evening by a jolly company of young people at the golf club house. The supper was prepared by the skilled hands of the young ladies of the party and the menu included both delicious substantial and tempting relishes. After the supper an hour or so was spent pleasantly with music and informal sociability.

RAILWAY NOTES

Here on Business: J. F. Gibson of Chicago, superintendent of the Chicago and Milwaukee and the Evans-ton divisions of the St. Paul road and P. C. Eldredge, superintendent of the Mineral Point division of the same system, were in the city on Monday on company business.

An Odd Case: C. Shibley is exhibiting with a great deal of natural pride a unique cane which was made in the state prison at Yuma, Old Mexico. It is made of alternate washers of transparent and dark colored rawhide driven onto a steel rod and is capped with an onyx handle. The cane is the property of Mr. Shibley's step son, Will C. Harvey, who has been railroading in Mexico for the past twenty years.

At Work on Station: The mason work on the new Chicago, Milwaukee & St. Paul passenger station is progressing rapidly. The foundation for the baggage and express rooms has been done for some days and the foundation for the main part of the station west of the High street is well under way. A number of car loads of material are already on the ground and as soon as the foundation is completed the work on the upper portion of the building will be rushed to completion.

HERE LOOKING FOR HIS WIFE

A Beloit Man Would Like to Find His Missing Wife and Child.

Claude Collier of Beloit was in the city on Monday in search of his wife and five year old boy, who left his home in that city about two weeks ago. He was away at the time they left and can give no reason why they deserted him.

He had heard that his wife was in Jansville and was anxious to locate her. He was not particularly anxious to have her come home but wanted to get her boy whom he understood she had left with some of her friends.

He consulted Chief Hogan to see if he could give him any clue to her whereabouts. The chief promised to look the matter up and see if the woman was still in the city. "She was seen here a week ago today and at other times during the week."

PRIMITIVE DAIRY METHODS.

PUTREFACTION BACTERIA AND DIS-EASE GO HAND IN HAND.

The object of Pasteurizing Milk is to destroy absolutely all disease germs including the highly dangerous tuberculosis organisms; also the lactic acid bacteria, which sours the milk. In Milwaukee alone 10,000 quarts of Pasteurized Milk is used daily. In Rockford 3,000 quarts and in Beloit 1,000 quarts. In Jansville, the Bower City Creamery Company are daily increasing their business which is strong evidence that the using of Pasteurized Milk and Cream is daily on the increase here.

JANESVILLE NEEDS MORE POLICEMEN

CITY IS GIVEN A BAD NAME

Railroad Officials Complain That It is the Toughest Town on the Division.

The Chicago, Milwaukee & St. Paul officials claim that Janesville is the toughest city in the state of Wisconsin with the least police protection.

They claim that in no city in this state traversed by their system, do they have so many cars broken into and robbed as in Janesville. They say hardly a day passes that they do not have cars broken into. The thieves do not confine themselves to working at night but make no bones of opening a car in the day time. They are not particular what they take and carry off anything they can get hold of.

Last week they had a car entered sometime between eleven o'clock in the morning and two in the afternoon and a quantity of flour stolen. They also had one opened and a number of ladies' shoes taken.

The car was reported all right when it came into the yards at eleven o'clock and at two o'clock the seals were found to be broken and the car opened.

They claim that the protection they receive from the local police amounts to almost nothing. They have reported the robberies time and again but nothing comes of it. They send their own men out here to look up the matters, but do not seem to be able to get the local police to co-operate with them, so they can do any good. The y have made several arrests this spring, and in each case the parties have been let go with a small fine or a short sentence.

The official have become tired of this sort of a thing and are determined in the future that the culprits get the full limit of the law. One complaint is that the police force is not large enough for a city the size of Janesville. No two men can successfully watch a town of this size. They may have the good luck once in a while to be on the spot when something happens, but in the majority of cases they are some where else. Two men in the day time and one at night cannot cover the territory that should be given police protection. The citizens of Janesville are taxed heavy enough for everything else, and should be given sufficient police protection. The railroad yards are great hangouts for crooks and toughs and a man should be kept there all the time.

NEWS OF THE CITY IN BRIEF.

Divorces: On Monday papers were signed granting divorces in the case of William Shaw vs. Annie Shaw. The attorneys were Fethers, Jeffris and Mout.

Small Runaway: The police have received word from the sheriff of Walworth county to look out for Robert Miller, a son of Fred Miller, who had run away from home. He is about fourteen years of age and has red hair.

Sodding Done: Calvin Kitchen has completed the sodding in the Court House park, around the Soldiers' monument and up as far as the court house. It is a very good piece of work and adds very much to the appearance of the park.

Want An Excursion: A committee of the Retail Grocers' association of Beloit were in the city last evening on their way home from Madison where they had been to consult with the district passenger agent of the Northwestern in regard to an excursion. Those who were in the party were T. D. Woolsey, president; John Martin, James McAlpin, A. H. Elliott, Julius Fire and H. E. Wright.

Fires Are Started: Fire was kindled under the boilers at the Beloit Power house of the Beloit, Delavan Lake and Janesville interurban line on Saturday last. A slow fire will be kept going for several days to get everything in working order before the steam is turned on. The line will be ready for operation this week between Beloit and Rockford and will be used to carry people from Rockford to Beloit on the Fourth to the races.

Small Boy Tramp: Chief Hogan while going through the railroad yards Sunday night came upon two tramps who had a small boy in knee pants in their company. He started the tramps out of town and took the boy to the lock-up. The boy said that he was from Elgin and was going out west to work in the harvest fields. He claimed that his parents were dead and that he was looking for a place to work for his living. The chief concluded to keep the boy until he could investigate his story.

More Hydrophobia: State Veterinarian E. D. Roberts left Monday morning for Middleton, Wis., to investigate three cases of hydrophobia among a herd of cattle owned by a farmer near that place. The cattle were bitten by a dog about four weeks ago and have just shown signs of madness. The dog was killed soon after biting the cattle, before he did any more damage. It is believed that there is at present a case of the same disease among a farmer's cattle in the town of LaPrairie. Close watch is being kept on the afflicted animal so there will be no spread of the disease.

Officially Awarded: Yager & Son, of Danville, Ill., have been awarded the contract for the construction of the Janesville postoffice. They have received official notice of this and will begin work on the building as soon as they can make their contracts for material, so that there will be no delay when the work is once under way. F. E. Green, of this city, expects to get the contract for the plumbing, gas fitting and sewer work and a local firm will do the painting and interior decorating.

Won State Honors: Miss Kittie Stoddard was elected assistant superintendent of the Wisconsin Peoples' society of Christian work at the state convention just at Fond du Lac. The Janes-

ville delegation which included Mr. and Mrs. A. E. Matheson, Misses Elizabeth Palmer, Fanny Jackson, Evelyn Packard, Kittie Stoddard, Ada Fenton, Clara Harvey, Harriet Burrell and Elva Knox and Messrs. Edward Hanson and Charles Pasco, returned home yesterday and last evening.

Foreman Remembered: This afternoon, on the occasion of the closing of the assessor's room of H. S. McGiffin's warehouse, the employees perpetrated a pleasant surprise on their foreman, John F. Cronin, by presenting him with a solid gold watch chain as a slight token of their esteem and appreciation of his kindness.

PLAN GUN SHOOT FOR JULY FOURTH

SPORT AT ATHLETIC PARK

Handicaps Will Be Arranged So That All Club Members Will Have Equal Show.

The Janesville Gun Club is making arrangements for holding a shoot at Athletic park on the afternoon of the Fourth. It was the intention of the club to hold an all day shoot on that day, but quite a number of the members will keep their places of business open until noon and prefer to have the shoot during the afternoon. A number of sweepstakes events will be arranged to add a little interest to the sport of smashing crockery. In order that all the shooters may have an equal show in the matches, a handicap will be arranged which will give the weak shooter an advantage and put him on a level with the stronger members of the club. There will be plenty of targets on hand so that there will be no let up in the sport until the shoot is finished.

Good Attendance Promised. The club has quite a number of members who have not taken much interest in the regular shoots so far this season and it is hoped here will be a good turn out at this time.

There will be no celebration in Janesville on the Fourth and a shoot of this kind will furnish considerable sport for the club members and any of their friends who wish to join in the fun.

HEAVY MACHINES ARE SENT EAST

A Notable Consignment Recently Shipped by the New Doty Manufacturing Co.

The New Doty Manufacturing company made an important shipment to the East recently in the shape of a steel punch and shears. The machines were made to order for the Baldwin Locomotive Company of Philadelphia.

The patterns after which they were made were the same that have been in use by the Doty company for apparatus of that type for several years past. The two machines were exactly equal in weight the bulk consignment weighing 12,000 pounds.

Work on the extension of the pattern and draughting department of the New Doty company has been stopped for a few days past, largely of building material being the cause. It is hoped that they will be able to resume work soon and that they will rapidly push the construction through to completion.

COURT NOTES

The case of the Janesville Carriage Works against R. J. Richardson was brought up before C. W. Reeder at 10 o'clock Tuesday morning and a verdict rendered in favor of the plaintiff. The court found for the Carriage Works, the sum of \$65.34 due on the carriage which had been built for Mr. Richardson and for which he had refused to pay. With costs added thereto, the total judgment amounted to \$73.84.

The case of P. J. Mout vs. the Isabel Manufacturing company, garnishee of Henry C. Wittenberg, which was filed before Jesse Earle, was settled out of court.

In Court: In the municipal court Friday the trespass case of Herman Miller vs. George B. Smith was called and adjourned until July 21.

In Court: In the municipal court today the case of Fred Bakirk vs. F. M. Hibbard and James Young was up for trial. The action was on a promissory note and judgment was rendered in favor of the plaintiff for \$34.07 and costs.

Judge Fifield also handed down a decision in the case of Mary Monahan vs. Ann R. Cribben, which was tried last week. The judge found in favor of the plaintiff and gave her a judgment for \$38.14 damages and \$7.30 costs. The action was brought to recover a board bill.

William H. Rogers, night editor of the New York World, and brother, George D. Rogers, district passenger agent of the Northern Pacific railroad were in the city yesterday, the guests of their uncle, Charles Potter. The Messrs. Rogers were former residents of this city and are now prominent in the business world.

MEDAL MATCHES AT GOLF GROUNDS

PLAY FOR RICHARDSON TROPHY

Sinnissippi Club Is Making Arrangements to Entertain Racine Golf- ers Next Week.

This afternoon the second round of match play for the Richardson medal is being held at the golf grounds of the Sinnissippi Golf Club. The handicap and games committee held the drawing today for partners in the event which resulted as follows:

S. D. Tallman, handicap 11, against **H. R. King,** handicap 16; **F. J. Baker** handicap 8 against **Ed. Baumann** handicap 3; **Albert Shaller,** scratch against **F. E. Fifield** handicap 8; **H. G. Carter** against **H. H. McKinney** both with a handicap of 8.

Racine July 10. On Thursday, July 10, the Racine team will visit this city and play a match against the Janesville team. They will arrive here Wednesday evening at 6:40 and will be taken to the club grounds where they will be given a club supper followed by a dance. In this way they will become acquainted with the ladies and gentlemen of the club. Thursday morning they will be taken to the grounds and given a chance to go over the course.

Divide Rounds. On account of their having to leave for home at 4:40 one round of the match will be played before luncheon and the last round afterwards. In this way they get the match completed in time for all to take the train at 4:40 and have a time for rest and refreshment between the rounds. The Janesville team lost by one hole in their match at Racine last week and expect to win the home match by a larger margin. It is expected that quite a delegation of lady club members will come with the Racine players.

Postpone Madison. The home team had a match scheduled with Madison for the 12th but as the 10th is the only open date Racine has the Madison people have been asked to postpone their match for two weeks, and no doubt they will be willing to do so.

FARM HANDS JOINING FEDERATION OF LABOR

Organization Is Opposed by Wealthy Land Owners, but Favored by Small Farmers.

La Porte, Ind., July 1.—The American Federation of Labor has detailed a corps of organizers for work in each of the thirteen congressional districts in Indiana and it is prophesied by John Dean, general organizer, that within a year nearly every farm employee of the state will be a member of the Federation. Wealthy farm owners are opposed to the organization on account of the increased cost of production, but for the same reason owners of small farms are in favor of the Federation and are all joining in large numbers, while farm employees are being rapidly enrolled. It is said that at the present rate of growth the organization will soon control the balance of power in this state. The work of organizing farm employees into the Federation of Labor was begun in Illinois about three years ago and the movement has spread to Indiana and Ohio, a number of states in the south and a few in the west.

BANK SURPLUS TAX IS VALID

Judge Lacombe Decides Test Case In Favor of Government.

New York, July 1.—Judge Lacombe in the federal court at Brooklyn has decided that banking institutions must pay war taxes on their surplus funds. The decision was given in a test case of the Leather Manufacturers' bank against the treasury department to recover \$154 levied as war taxes on a surplus of \$77,736 which it held. Judge Lacombe decided that the money could not be recovered. All the banks, it is thought, will now be compelled to pay taxes which have accrued during the last three years, as the act was not repealed until this year. The tax in Brooklyn may aggregate about \$25,000 and in Manhattan it will reach \$1,000,000.

Kodol

Dyspepsia Cure

Digests what you Eat
People once thought that the only way to cure indigestion was to stop eating. The trouble with such treatment is, that to stop eating is to stop living. Kodol Dyspepsia Cure has changed the whole method of treating this complaint. It contains all the natural digestive fluids and digests all you eat without aid from the stomach, so you can eat all the good food you want and be cured of your trouble at the same time. I have been troubled with indigestion and dyspepsia for several years and often sat down to eat but had to give it up after eating only two bites. I used two bottles of Kodol Dyspepsia Cure and am alright today. Cannot eat anything I want. W. L. Easton, Audubon, Iowa.

MILTON

Milton, June 30.—Milton will celebrate the Fourth of July in an appropriate manner. There will be an industrial and civic parade followed by the athletic contests, which will include hammer throwing, shot putting, 50 yard dash for girls; 100 yd. dash for boys under fifteen years, one open to all, mile bicycle race, sack race, potato race, half mile race and 220 yard dash. A tug of war between twelve brawny men from Harmony and a like number from Milton, will be worth seeing. The fire department will give an exhibition, which will include hose coupling, ladder climbing, etc. A ball game between the Y. M. C. A. nine of Janesville and the Crescents, of Milton, during the afternoon, for a purse of \$25, will furnish good sport. Hon. A. E. Matheson, of Janesville, a speaker of state wide reputation, will deliver the address of the day. The Milton Junction Cornet band will furnish good music all day. The citizens of this village extend a cordial invitation to the people of Rock county and adjoining counties to enjoy the pleasures of the day with them. There is room in the park for everybody. It is a nice place to eat your picnic dinner with plenty of shade. The fire department, who have the matter in charge, will have refreshment stands, and if you wish to aid the department in buying new apparatus and building an engine house, patronize their establishments.

Clerking

Looks more attractive than housework for a woman, but it is also even more exhausting. The work is often done under high pressure, and the brightness of the eyes and the flushed cheeks of the attentive clerk indicate nervousness rather than health. If this is true under most favorable conditions, what shall be said of those who suffer from womanly diseases, and who endure headache, backache, and other pains day after day?

No sick woman should neglect the means of cure for womanly diseases offered in Doctor Pierce's Favorite Prescription. It regulates the periods, dries enfeebling drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

"A heart overflowing with gratitude, as well as a sense of duty, urges me to write to you and tell you of my wonderful recovery," says Miss Corinne C. Hook, Orangeburg, Orangeburg Co., South Carolina. "By the use of Dr. Pierce's Favorite Prescription I am entirely a new being compared with the poor miserable sufferer who wrote you four months ago. I remark to my parents almost every day that it seems almost an impossibility for medicine to do a person so much good. During the whole summer I could scarcely keep up to walk about the house, and yesterday I walked four miles and felt better from the exercise. I now weigh 125 pounds. Mine was a complicated case of female disease in its worst form."

Doctor Pierce's Pleasant Pellets cure biliousness.
